Ambitious Front End Developer With a Passion for Building Exciting Digital Experiences

- Several years of work experience with React, JavaScript/TypeScript, HTML and CSS
- 1 year experience with Angular and Vue.js
- Recently learned C#, .NET and Entity Framework
- Well-versed in CSS Box-model, Flexbox, Grid Layout, Media Queries, Transitions, Animations
- Well-versed in Figma components, properties og auto-layout
- Focus on excellent, high-quality UX/UI that is user-friendly and responsive

I have a great passion for tech, software, web and UX/UI and constantly strive to improve. I am curious, and can work independently and proactively. As a person, I am geeky, a tinkerer, humble, detail-oriented, patient and always willing to help.

SPROG

- Dansk - Modersmål
- Engelsk - Flydende
- Tysk - Begynder

HOBBIES

I have practiced various sports: padel tennis, badminton, climbing, longboard, snowboard, ice skating and boxing. Now, however, I spend most of my free time self-studying programming, getting faster at solving a Rubik's cube and occasionally playing computer games. I'm big fan of VR in particular.

I love to travel and explore the unknown. In 2018 I traveled around Asia and Southern Europe as a backpacker.

Webmaster (substitute) • Arbejdstilsynet
2019 - 2020 (6 months)

Administration and further development of Umbraco websites, writing requirements specifications, documentation and guides, IT support, ongoing contact with external IT supplier and State IT. Responsibility for and overseeing website domain change of more than 500 redirects and links.

Freelance Web Consultant
2018

A year of freelance work while backpacking. Maintenance and updating of websites (Wordpress). Creation and sending of e-mail newsletters. Online IT support.

Webmaster / IT-specialist • C.L. Seifert
2014 - 2017

Operation and optimization of WordPress, Magento and Podio, as well as automation via Globiflow. UX and UI design. SEO and Google Analytics. IT support. Develop and send out HTML e-mail newsletters. Management of outsourced developers.

EDUCATION

C# .NET course • Itucation
Apr 2024 - May 2024

.Net Core, Entity Framework, SQL Server, OOP, MVC, Blazor

Professional Bachelor in Web Development • EAL/UCL
Sep 2012 - Jan 2014

Multimedia Design • Erhvervsakademiet Lillebælt (EAL/UCL)
Sep 2010 - Sep 2012

RESULTS

I developed more than 15 Zendesk JS/React apps and Zendesk themes during my time at Proventic, which have been to the great satisfaction of both customers and users. Some apps were custom developed for companies, and some were published on Zendesk Marketplace (scroll past all the text for the apps):
https://zendesk.com/marketplace/partners/5189/available-aps/

I developed the help center page for Roskilde Festival which can be found here: https://faq.roskilde-festival.dk/hc/da
